

Green Mountain Conservation Camp Application 2025

Educating youth about Vermont's wild habitats to inspire meaningful relationships with the environment and foster genuine connections with their peers.

The goal of the Green Mountain Conservation Camp (GMCC) program is to educate youth about Vermont's natural resources while providing a space to connect with the outdoors and their peers. They learn about fish and wildlife conservation, the safe use of firearms while hunting, and outdoor recreation skills. Camp activities are educational and fun, offering many creative hands-on experiences.

The success of natural resources conservation depends on people's awareness and understanding of natural resource management. One way you can help is to encourage youth to attend one of the Vermont Fish & Wildlife Department's Conservation Camps. You have the opportunity to give a young person the chance to learn about Vermont's natural resources while canoeing, hiking, camping, fishing, hunting and more.

The address and phone number for the main office of GMCC is:

VT Fish & Wildlife Department
Attn: GMCC
1 National Life Dr., Davis 2
Montpelier, VT 05620

Phone: (802)-522-2925

Parental Policy and General Information:

Date of Application Submission & Acceptance:

Your child's GMCC application is considered "submitted" at the time you e-mailed/or paper application arrives at Fish & Wildlife Office. Applications must be reviewed by the department before they can be processed.

Any questions regarding missing information or unclear information on a GMCC application will be sent to the e-mail address for Parent/Guardian #1. Please note that failing to respond in a timely manner to questions regarding your child's application will hold up enrollment and could result in your child not getting into his/her preferred session.

Age Requirements:

Basic Sessions: Camper must be 12 years old before session starts or have 12th birthday by the Friday of their session. They may not yet have turned 15 years old on the Sunday of their session. **No Exceptions**

Advanced Session: Camper must have passed one of **our** Basic sessions and may not yet be 17 years of age on the Sunday of their session.

Communication with Parent/Guardians

All communications, including session assignment information, will be through the e-mail account listed for Parent/Guardian #1 as shown on the application.

Medical Information & Medical Certificate:

While some medical information is requested on the application, a link to the full medical certificate will be in your session assignment information. **You must use our Medical Certificate. Substitutes will not be accepted.** A completed medical certificate (including physician signature), along with a copy of your child's medical insurance card must be brought to check in time. **I Understand That Without These Forms My Child Will Not Be Admitted to Camp.**

Medical Insurance Coverage:

I understand that I, the parent or guardian, am responsible for health insurance and all bills associated with a camper's stay. GMCC Has No Health/Medical Insurance Coverage for Campers.

Physical Exams:

A physical exam for any child who would like to attend GMCC must have been completed within the two years prior to the camp session chosen.

Pre-Session Reading:

Pre-session reading is strongly encouraged for all students attending a GMCC Basic Session and for those doing Advanced week trapper certification. Failing to review this material ahead of time could lead to the camper being overwhelmed with the material during their session. Please go to the material shown in the URL's shown on your session Assignment informational letter. No registration is required after opening the link(s), simply scroll down and open the chapter information and read. If your child has already passed a Hunter Education course, this reading may be unnecessary for them.

Cancellations:

A two-week written notice of cancellation is required by all GMCC campers. Written notice can be as easy as an e-mail to: FWgmcc@vermont.gov. Failure to give the required two-week notice means fees paid by credit card or check will not be refunded. Parents of students sponsored by an outside organization who fail to give the required 2-week written notice will be billed for the amount of their sponsorship.

Refunds:

All refunds for tuition will be done within two weeks of written notice, or within two weeks of the start of a session that a camper was on the waitlist for and unable to attend.

Wait List

I understand that my child may be put on the wait list for his/her first-choice session if all requested session(s) are full at the time my child's application is deemed complete. I further understand that my check will be cashed, or credit card charged even if my child is put on a wait list. Refunds for wait listed campers will be done within two weeks of the start of the session if the camper is unable to attend. If I do not wish to keep my child on a waiting list, I

will contact the GMCC office at FWGMCC@vermont.gov and submit a WRITTEN request so that a refund can be made back to me.

Repeat Campers:

Any child who has previously attended a GMCC basic session and wishes to attend a second year at the basic level OR a child who has previously taken a GMCC advanced session and wishes to do a second year at the advanced level is considered a Repeat Camper. Repeat Camper applications will be put on hold until the second Monday in March in order to give first-time students an opportunity to sign up.

Repeat Campers looking to attend an Advanced Week who will age out of the program after this summer will not be put on hold until April and will be enrolled as any other camper would be.

Bunking requests:

Cabins are filled in order of arrival on the day of check-in. If your child would like to bunk with a friend, simply plan to arrive at check in at the same time and we will accommodate the request.

Choice of Curriculum:

I understand all campers attending a basic session will participate in the Hunter Education/Bow Hunter education course, among their other camp activities. There is no alternate curriculum.

Advanced campers must choose one course of study to take while at camp. They can take Trapper Education, Waterfowl hunting, or an advanced backpacking course.

Session Fee: \$250.00 per week

Photo Release

The Fish & Wildlife Department takes photographs of camp activities. These photographs may be used for educational purposes and/or marketing to inform others about the program. The photographs taken during each weekly session are compiled into a presentation to be shown at the end of each week at the graduation ceremony for the campers and their families. The pictures will then be made available through a Fish & Wildlife web page, accessible by password, to participants within the camp program so families can download any/all of the photographs presented during the graduation ceremony. The web page requires a password be entered before photos are able to be viewed. Only those attending graduation will be provided the password necessary to access the web pages specific to the camp photos to minimize the opportunity for general public viewing. At the graduation ceremony there will be the opportunity to have specific photographs containing images of your child removed prior to posting them to the web page by request.
