

Vermont Fish & Wildlife Department's Backyard Nature Academy

As the snow melts, awaken your senses to spring!

SIGHT

- Find something green
- Find something with a pattern
- Find something very little
- Find something long and skinny
- Find something heart shaped

SMELL

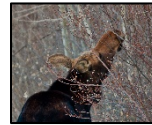

- Find a flower to smell
- Smell the bark of a tree
- Smell the fresh, wet soil of spring

SOUND

- Find something that cracks
- Find something that squeaks
- Listen for an animal sound
- Find a noise created by the wind
- Find something loud

TASTE

- Do not eat it, but find something an animal would eat
- Find something humans can eat

TOUCH

- Find something bumpy
- Find something slimy
- Find something soft
- Find something warm
- Find something prickly
- Find something smooth
