2011

ANNUAL REPORT

VERMONT
FISH & WILDLIFE DEPARTMENT

The Vermont Master Angler Program

Vermont's wealth of waters and abundant fish populations provide great opportunities to experience outstanding fishing. The Vermont Master Angler Program recognizes the achievements of anglers who catch trophy-sized fish from Vermont waters and celebrates the fish's accomplishment in surviving and growing to such an exceptional size.

The Master Angler program is a length-based program that sets "trophy sized" benchmarks for 33 eligible fish species. While these trophy sized fish are a challenge to catch, they are attainable for anglers that develop the necessary knowledge and skills.

The Master Angler program encourages anglers to target species that haven't traditionally been considered sport fish. To do so, they need to grow as anglers and improve their knowledge of fish habitat, behavior, and feeding preferences and develop new skills required to target and catch these species.

Award Categories

The program offers two award categories for adults and youths:

Trophy Angler: Anglers catching a fish exceeding the minimum qualifying length in any of the 33 species categories will receive a certificate commemorating the catch. Their names and catches will also be included in the Vermont Master Angler Annual Report, posted annually on the Vermont Fish & Wildlife website.

Master Angler: Anglers demonstrating the skill necessary to catch multiple species that all exceed the minimum qualifying lengths, in the same calendar year, will be recognized as "Vermont Master Anglers" and will receive a lapel pin at the end of the year. To qualify for the annual Vermont Master Angler Pin, an individual angler must submit qualifying entries for 5 or more species within a calendar year.

2011 - By the Numbers

In the second year of the program, the first in which it ran for the full calendar year, a total of 488 trophy fish entries were received.

While 92% (451) of the entries were from Vermont anglers, the program also saw participation from non-resident anglers from Connecticut, Florida, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Texas and Quebec.

2011 Trophy Fish Entries

488 trophy fish from 181 participating anglers

- 346 entries from 134 adult anglers (13 Master Angler award recipients)
- 142 entries from 47 youth anglers (8 Master Angler award recipients)

Species Breakdown

The entries in the 2011 Vermont Master Angler Program were a testament to the wide variety of fish species and the diversity of angling opportunities available in the state. Of the 33 fish species eligible for entry in the program, only 3 had no entries for 2011: American eel, American shad, and lake whitefish. These fish species are typically less common or more difficult to target and catch.

Species	# Entries	Species	# Entries	Species	# Entries
Largemouth Bass	66	White Sucker	20	Longnose Gar	9
Smallmouth Bass	61	Lake Trout	19	White Perch	8
Yellow Perch	27	Rock Bass	19	Redhorse Sucker	7

Brown Trout	20	Carp	10	Rainbow Smelt	1
Pumpkinseed	20	Bowfin	9	Total Entries	488

Gear

The types of gear used by anglers participating in the program was also diverse. Casting lures or drifting live bait in the open water season accounted for 61% of the catches with fly fishing second at 16%. Trolling was used to catch 14% of the entries. Ice fishing with either tip-ups or jigging comprised 8% of the entries.

Gear Type	# Entries
Open Water, Casting or Drifting	296
Fly Fishing	79
Open Water, Trolling	66
Ice Fishing (Tip-Ups)	24
Ice Fishing (Jigging)	17
Bow Fishing	6

Catch & Release

Unlike previous Vermont record fish programs, the Vermont Master Angler Program accepts and encourages entries for caught-and-released fish. In 2011, 173 of the 488 (35%) trophy fish that were entered were harvested while 315 fish (65%) were released to grow bigger and be caught another day!

This is very similar to the harvest and release rates witnessed in 2010; 32% of the entries that year were harvested while 68% were released.

Locations – Where the Big Ones Were Caught

Similar to the diversity witnessed in the species composition of the 2011 entries, the waters from which trophy fish were caught was also varied. Trophy fish entries were received from 78 waters around the state, with the most entries coming from Lake Champlain. The following table provides a list of waters where 5 or more of the 488 entries were caught:
