

Vermont Master Angler Program 2020 Annual Report

The Vermont Master Angler Program

Vermont's wealth of waters and abundant fish populations provide many opportunities to experience outstanding fishing. The Vermont Master Angler Program recognizes the achievements of anglers who catch trophy-sized fish from Vermont waters, and celebrates the clean water and healthy habitats that allow these fish to survive and grow to such exceptional sizes.

The Master Angler program is a length-based program that sets "trophy sized" benchmarks for 33 eligible fish species. While these trophy sized fish are a challenge to catch, they are attainable for anglers that develop the necessary knowledge and skills.

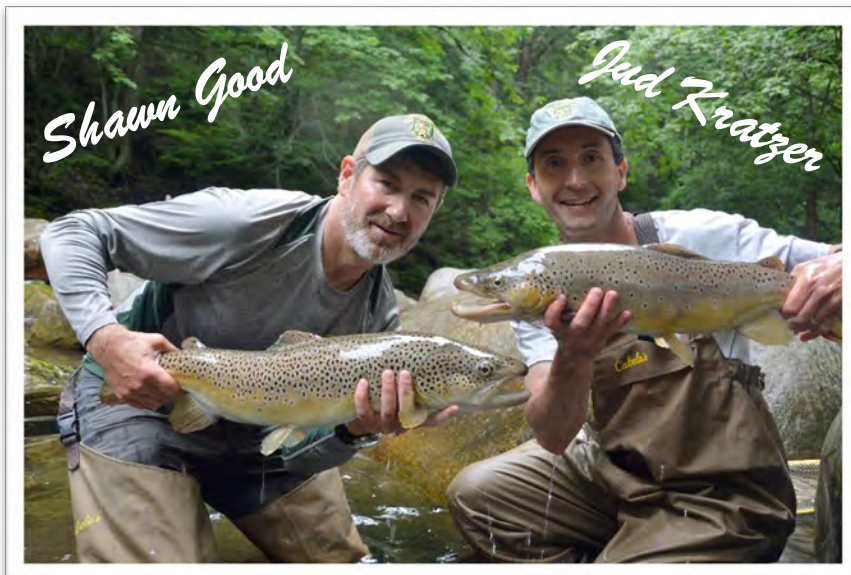

The Master Angler program encourages anglers to target species that haven't traditionally been considered sport fish. To do so, they need to grow as anglers and improve their knowledge of fish habitat, behavior, and feeding preferences and develop new skills required to target and catch these species.

Award Categories

The program offers two award categories for adults and youths:

Trophy Angler: Anglers catching a fish exceeding the minimum qualifying length in any of the 33 species categories receive a certificate commemorating their catch. Their names and catches are also included in the Vermont Master Angler Annual Report, posted annually on the Vermont Fish & Wildlife website.

Meet the authors...

The diverse and abundant sport fishing opportunities enjoyed each year by anglers across Vermont are a direct result of fisheries management and restoration activities conducted by the Vermont Fish & Wildlife Department. These activities are funded through fishing licenses and the Federal Aid in Sport Fish Restoration Program with money generated by user purchases of fishing equipment and motor boat fuels. The department's fisheries management and restoration projects help maintain and restore healthy aquatic ecosystems, clean water, and good habitat, benefitting anglers by supporting and providing quality sport and recreational fishing opportunities across Vermont.

Master Angler: Anglers demonstrating the skill necessary to catch multiple species that all exceed the minimum qualifying lengths, in the same calendar year, are recognized as "Vermont Master Anglers" and receive a lapel pin at the end of the year. To qualify for the annual Vermont Master Angler Pin, an individual angler must submit qualifying entries for 5 or more species within a calendar year.

2020 - By the Numbers

2020 was the eleventh year of this popular program, and we had the highest number of approved entries, at 1,035, since the inception of the program. Overall participation (the number of individual anglers that submitted entries) was also the highest seen since the program began, with 349 different anglers submitting entries. 2020 also saw the most Master Angler award recipients in the history of the program at 62. For more details, see Participation Trends, next page.

While 95% (978) of the entries were submitted by Vermont anglers, the program also saw participation by non-resident anglers from 10 other states or provinces: Connecticut, Washington DC, Florida, Massachusetts, Maine, New Hampshire, New Jersey, New York, North Carolina, and Ohio.

2020 Trophy Fish Entries

A total of 1,035 trophy fish entries from 349 anglers were approved in 2020:

- 650 entries from 232 adult anglers (40 Master Angler award recipients)
- 385 entries from 117 youth anglers (23 Master Angler award recipients)

Species Breakdown

Entries submitted to the Vermont Master Angler Program in 2020 continue to demonstrate a wide variety of fish species and the diversity of angling opportunities available in the state. Of the 33 fish species eligible for entry in the program, only two (American shad and cisco) had no entries. It's worth noting that some species saw a significant increase in entries over previous years, including walleye (16 entries in 2019 to 48 in 2020), brook trout (8 entries in 2019 to 16 in 2020), and interestingly there were 5 pike-pickerel hybrids entered in 2020, while there were 0 in 2019.

Locations – Where the Big Ones Were Caught

Similar to the diversity of fish species seen in the 2020 entries, the waters from which trophy fish were caught was also varied. Trophy fish entries were received from 101 different waters around the state. As in the past, the most entries came from Lake Champlain. The following is a list of waters where 12 or more of the 1,035 entries were caught. 795 (77%) of the total number of entries came from these 13 waters:
