

GMCC Application 2019

Parental Policy & General Information

Date of Application Submission & Acceptance:

Your child's GMCC application is considered "submitted" at the time your e-mailed/or paper application is entered into the system at the Fish & Wildlife Office. Applications must be reviewed by the department before they can be processed.

GMCC applications are "accepted" by the date and time that an application is "Deemed Complete". An application can only be deemed complete after any incomplete/or unclear information has been corrected.

Any questions regarding missing information or unclear information on a GMCC application will be sent to the e-mail address for Parent/Guardian #1.

Age Requirements:

Basic Sessions: Camper must be 12-years old before session starts or have 12th birthday during the week they are at camp and may not yet have turned 15-years old. **No Exceptions**

Advanced Session: Camper must have passed one of **our** Basic session and cannot yet be 17 years of age.

Communication with Parent/Guardians

All communications, including session assignment information, will be through the e-mail account listed for Parent/Guardian #1 as shown on the application.

Medical Information & Medical Certificate:

While some medical information is requested on the application, a link to the full medical certificate will be in your session assignment information. **You must use our Medical Certificate. Substitutes will not be accepted.** A completed medical certificate, along with a copy of your child's medical insurance card must be brought to check in time. **I Understand That Without These Forms My Child Will Not Be Admitted To Camp.**

Medical Insurance Coverage:

I understand that I, the parent or guardian, I am responsible for health insurance and all bills associated with a camper's stay. GMCC Has No Health/Medical Insurance Coverage for Campers.

Physical Exams:

A physical exam for any child who would like to attend GMCC must have been completed within the previous two years prior to the camp session chosen.

Pre-Session Readings:

Are required for all students attending a GMCC Basic Session and for those doing Advanced week trapper certification. Please have your child go to the material shown in the URLs shown on your session assignment letter. No registration is required after opening the link(s), simply scroll down and open the chapter information and read.

Cancellations:

A two-week written notice of cancellation is required by **all** GMCC campers. Written notice can be as easy as an e-mail to: FWgmcc@vermont.gov. Failure to give the required two-week notice means funds paid by credit card or check will not be refunded. Parents of students on GMCC scholarship or sponsored by an outside community organization will be billed for the amount of their scholarship or sponsorship.

Refunds:

All refunds for tuition will be done at the end of the camp season, even if my child is placed on a waiting list and is unable to attend.

Wait List

I understand that my child may be put on the wait list for his/her first-choice session if all requested session(s) are full at the time my child's application is deemed complete. I further understand that my check will be cashed, or credit card charged even if my child is put on a wait list. Refunds for wait listed campers will be done at the end of the camp season. If I do not wish to keep my child on a waiting list I will contact the Education Programs Registrar and submit a WRITTEN request so that a refund can be made back to me.

Bunking requests:

Bunking requests are filled at check-in time. Be sure to coordinate with the other parent(s) and arrive at camp early for check in and together.

Choice of Curriculum:

I understand all campers attending a basic session will participate in the Hunter Education/Bow Hunter education course, among their other camp activities. There is no alternate curriculum.

Advanced camper must choose one course of study to take while at camp. They can take Trapper Education, Waterfowl Hunting, or an Advanced Backpacking course.

- I have read, understand, and agree to the information in the Parental Policies & Information set forth in this section of the 2019 GMCC Application.

Photo Release

The Fish & Wildlife Department takes photographs of camp activities. These photographs may be used for educational purposes and/or to inform others about the program. The photographs taken during each weekly session are compiled into a presentation to be shown at the end of each week at the graduation ceremony for the campers and their families. The pictures will then be made available through a Fish & Wildlife web page, accessible by password, to participants within the camp program so families can download any/all of the photographs presented during the graduation ceremony. The web page will not be a secure site. Only those attending graduation will be provided the password necessary to access the web pages specific to the camp slide shows and to minimize the opportunity for general public viewing. At the graduation ceremony there will be the opportunity to have specific photographs containing images of your child removed prior to posting them to the web page by request.

Parental Consent Form To Participate in Hunter Education While at GMCC

Directions: All students under 16 years of age are required to have their parent/guardian complete, and sign the parental consent form below, so that they can participate in the hunter education portion of the GMCC curriculum. FAILURE TO COMPLETE THIS FORM WILL HOLD UP THE PROCESSING OF THIS APPLICATION. I, the legal parent/guardian, give consent for my child to participate in the hunter education portion of the curriculum taught at the Green Mountain Conservation Camp. I understand that participation in this program may expose my child or ward to the many risks associated with learning firearm safety. I understand that the activities will include, but not be limited to, risks associated with outdoor recreation; handling firearms and bows and arrows, and target shooting. I expressly assume these and all other risks associated with the Hunter Education Course. I hereby release and forever discharge, the State of Vermont, the Department of Fish & Wildlife, its agents, employees, volunteers, and other officers, from all actions, causes of action, damage claims, demands or judgments, which my child, I, our heirs, executors, administrators, or assigns may have against the Department, its agents, employees and other officers, for all injuries, of whatever nature, including injuries to property, caused by or arising out of, the above described program. I also understand that course instructors shall make the final decision as to whether a student is qualified to receive a hunter education certificate, based on standards established by the Vermont Fish & Wildlife Hunter Education Program.

- I have read and understand the information in the Parental Consent Release section of the 2019 GMCC Application. I understand the potential risks involved with taking a hunter education course, and I hereby give my consent for my child to participate in hunter education while at GMCC.

(Failure to give consent means that your child will not be allowed to attend camp)
