

VERMONT MASTER ANGLER PROGRAM

2023
Annual
Report

The Vermont Master Angler Program

Vermont's wealth of waters and abundant fish populations provide many opportunities to experience outstanding fishing. The Vermont Master Angler Program recognizes the achievements of anglers who catch trophy-sized fish from Vermont waters, and celebrates the clean water and healthy habitats that allow these fish to survive and grow to such exceptional sizes.

The Master Angler program is a length-based program that sets "trophy sized" benchmarks for 34 eligible fish species. While these trophy sized fish are a challenge to catch, they are attainable for anglers that develop the necessary knowledge and skills.

The Master Angler program encourages anglers to target species that haven't traditionally been considered sport fish. To do so, they need to grow as anglers and improve their knowledge of fish habitat, behavior, and feeding preferences and develop new skills required to target and catch these species.

Award Categories

The program offers two award categories for adults and youths:

Trophy Angler: Anglers catching a fish exceeding the minimum qualifying length in any of the 34 species categories receive a certificate commemorating their catch. Their names and catches are also included in the Vermont Master Angler Annual Report, posted annually on the Vermont Fish & Wildlife website.

Master Angler: Anglers demonstrating the skill necessary to catch multiple species that all exceed the minimum qualifying lengths, in the same calendar year, are recognized as "Vermont Master Anglers" and receive a lapel pin at the end of the year. To qualify for the annual Vermont Master Angler Pin, an individual angler must submit qualifying entries for 5 or more species within a calendar year.

Meet the authors...

The diverse and abundant sport fishing opportunities enjoyed each year by anglers across Vermont are a direct result of fisheries management and restoration activities conducted by the Vermont Fish & Wildlife Department. These activities are funded through fishing licenses and the Federal Aid in Sport Fish Restoration Program with money generated by user purchases of fishing equipment and motor boat fuels. The department's fisheries management and restoration projects help maintain and restore healthy aquatic ecosystems, clean water, and good habitat, benefitting anglers by supporting and providing quality sport and recreational fishing opportunities across Vermont.

2023 By the Numbers

2023 was the fourteenth year of this popular program, and we had the fourth highest number of approved entries, at 989, since the inception of the program. Overall participation (the number of individual anglers that submitted entries) was the fourth highest seen since the program began, with 320 different anglers submitting entries. 2023 saw the third highest Master Angler award recipients in the history of the program at 72 behind only 2022 (79) and 2021 (73). For more details, see Participation Trends, next page.

While 93% (922) of the entries were submitted by Vermont anglers, the program also saw participation by non-resident anglers from 9 other states: Connecticut, Florida, Massachusetts, North Carolina, New Hampshire, New Jersey, New York, Pennsylvania, and Virginia.

2023 Trophy Fish Entries

A total of 987 trophy fish entries from 320 individual anglers were approved in 2023:

- 742 entries from 226 adult anglers (51 Master Angler award recipients)
- 245 entries from 93 youth anglers (21 Master Angler award recipients)

Locations – Where the Big Ones Were Caught

Similar to the diversity of fish species seen in the 2023 entries, the waters from which trophy fish were caught was also varied. Trophy fish entries were received from 121 different waters around the state. As in the past, the most entries came from Lake Champlain. The following is a list of waters where 9 or more of the 987 entries were caught. 734 (74%) of the total number of entries came from these 13 waters:
